Date : 13 April 2004

Dear Colleagues,

Re: Accreditation of Fellows as Trainers for Basic and Higher Paediatric Training Programmes

I am writing to inform you that the College Council has adopted the following resolutions at its 89th Council Meeting on 16th March 2004 concerning the qualification of Trainers :

- 1) A trainer for Basic Training Programme should be a College Fellow, and a trainer for Higher Training Programme should have a minimum of 3 years post-Fellowship experience in an accredited training centre.
- 2) This new rule will be implemented with immediate effect. All existing Trainers will be Trainers for both Basic and Higher Training Programmes. All new applicants on and after that meeting will be accredited first as Trainers in Basic Paediatric Training Programme if they had less than 3 years of post-Fellowship experience, and their trainer status will be updated after 3 years of post-Fellowship experience.

Thank you for your attention.

Yours sincerely,

Dr Wong Sik Nin
Honorary Secretary

c.c. Professor TF Fok, President
Dr CW Chan, Chairman, Accreditation Committee
